To: District Presidents, District Chairman, Members

HAPPY NEW YEAR. 2019 Only a few months left in this 2018-2019 program year. Looking at the donation sheet and blackout sheets we have a ways to go with reports. We have auxiliaries that have donated but have not yet sent in a report. Please write a report for all your donations and send me a copy. It only takes one report to be 100% reported, but of course more is better and you will be considered for year end awards. You can bring them to the Council of Administration meeting later this month. I will also have blank report sheets with me for you to fill out.

REMEMBER TO BRING YOUR POPPY CENTERPIECES TO THIS MEETING, along with the report.

If your Relief Fund is getting low, remember you can do a distribution for poppies any time and educate the community. Just be sure you get permission from the store managers. Report other ways you have used poppies throughout the year. Share with all of us what your auxiliary did to promote and educate the community. Report it and receive the credit you deserve for doing a great job.

VFW National Home for Children

If your auxiliary has donated for the National President and /or Department President Special Project for the VFW National Home, please send me a report and also include your Health and Happiness, Sunshine Fund and any other donations made to the National Home. There are many choices to donate to as they receive no government funding.

California is in competition with (eight) 8 other states so please write those reports so we as a TEAM can be proud at the National Convention.

I look forward to hearing from you and reading what your auxiliary did to promote these two important programs.

You can call or email me with questions. Thanking you in advance.

See you in Sacramento

BELIEVE WE CAN DO IT

360 DEGREES FOR OUR VETERANS

Sincerely,

Laura Chermak
