

Sue Wells, National Council Member Area G
Veterans of Foreign Wars Auxiliary

July 21, 2018

The National Council meeting was called to order by National President, Dee Guillory. Roll call was taken followed by the prayer, pledge and National Anthem.

The President introduced the Past National Presidents that were present and recognized those who were not. The National Council Members were recognized and the Ambassadors and Department Presidents stood as a group to be recognized.

The minutes of the previous Council Meeting were approved as printed. The minutes were read on the Special Council meeting to discuss the ability to Live Stream the 2018 National Convention behind the MALTA Login for members to view the convention. This was an email Special Meeting and there was much discussion on the limited time we had to make the decision to approve the \$10,000.00. The motion failed. On your behalf, my vote was no. Most felt that there was not time to take this to our Department members for their opinions.

There was only one overage on the Budget due to the change in companies to take care of printing and mailing our membership cards which created an additional membership card mailing cost. The overage was approved.

There was no changes to the Standing Rules, no unfinished business and no new business.

The retiring Council Members received their Pins and Certificates and graciously said good-bye and introduced their successors.

The three candidates for National Guard will be heard on the Convention floor, during the Convention.

After a few announcements, mostly regarding the procedures to follow for the upcoming President Trump's visit, the meeting was adjourned according to ritual
