

Historian & Media Relations Program August Promotion

As part of preserving our history, the National Historian & Media Relations Program Ambassador is encouraging all Auxiliaries to interview a longtime VFW Auxiliary active member. This interview is about them and their experiences over the years that they have been a part of our organization.

Ask why they joined our organization, how they were eligible, what has kept them active this long, what do they see as part of future and think of other questions that will draw interest into their history...also (as a suggestion) ask them what traditions from our past do they miss and what do they see for our future...

Video interviews need to be 3-5 minutes long, and the entry forms are available in MALTA Resources. Entries have to be submitted to me, as your Department Historian, no later than March 31, 2024 for judging.

Every Auxiliary that participates will get a Citation from National Headquarters. See this year's Program book under "Historian & Media Relations" for a detailed breakdown of awards available for this project.

Respectfully,

Juliet Kennedy
Department Historian and Media Relations Chairman
2023-2024
