

Historian and Media Relations Program

February Promotion

Good Day Dept of California!

With the end of the month approaching, I realized that I had not sent out my monthly promotion. This had me wondering, how many times has someone forgotten to do something and then it falls by the wayside? I am sure it is a lot and I couldn't possibly count that high. The reason I bring this up is that I, along with all of my fellow Chairmen, need your help! Yes, you! Participation in our programs is what makes our organization great, and with participation, we know there are reports! Please send them in, ask your Chairmen in your districts to make sure they are sending them in.

Time is running out to get in the video interviews of long-standing auxiliary members to get a citation from National. I must have any videos sent to me by the end of March 2024.

I posted on social media all of the pictures that I took of our Mid-Year National Conference aboard the *Mariner of the Seas* sailing to Cozumel and CocoCay in the Bahamas that happened from February 11th-February 17th. We had 10 attendees representing California. I am still trying to get the pictures to upload to our Department Website, but hopefully you caught them on Facebook!

As this is a leap year, take advantage of that extra day and make it count!

Juliet Kennedy
Historian and Media Relations Chairman
Department of California
