

Have you ever heard the saying?

“Winning isn’t everything; it’s the
ONLY thing” ~Vince Lombardi

Coach Lombardi is right... When it comes to our Veterans, we must model the standard they use on the battlefield... If they didn’t win, the nation didn’t win, our way of life didn’t win, and their comrades didn’t come home to their families.

Is what we do that important? YES

We must be at 100% (literally and metaphorically) to keep doing the important work we do on behalf of our Veterans and their families. Nobody yells: **“LETS GIVE IT 93%!”** when their team takes the field.

If your Auxiliary is not at 100% in **CURRENT** membership, your battle is not yet won. We are in the 4th quarter, and we are **NOT** walking off the field until the clock winds down to zero...we still have plenty of time to bring in “just one” more and win this thing!
