

Mentoring for Leadership

Joyce Bilyeu, District 17 Mentoring Chairman

Dear Auxiliary Members,

Attached for you is a copy of a “Welcoming Kit” that you can mail out to all new members once they are voted on and accepted into your auxiliary. It is a nice way to welcome them and educate them about our organization. Inside the kit include the following items:

- New member letter welcoming them to your auxiliary with the date, time, and location of your meeting.
- Contact information for officers in your auxiliary.
- Member Benefits information.
- Understanding Auxiliary Traditions handout.
- Some welcome stickers you can put on the outside of the mailing envelope.

Please feel free to add whatever else information you would like to include. Just think how nice this will be when they open up your envelope and receive this “Welcoming Kit” information. It would also be nice to call the new member a few days after you mailed out your kit to see if they received it and invite them to your next meeting and/or event.

If you have any questions or suggestions please feel free to contact me at:
