

MEMBERSHIP June 2020
2020-2021

Hello Great State of California,

I enjoyed seeing some of the new faces in the zoom meeting. Can't wait to meet you all in person. In order to have a great year we need to get a few things in place. Remember to look at the program book, mark your calendar on the dates that certain goals need to be attained by. Get with your team and reach out to connect with your members. With technology today, a friendly call, email, and even text to say "Hi, we are in a new year, wanted to remind you we are working on getting all membership done earlier this year. We have a chance to earn money back for our Auxiliary. Can you help us by getting in your dues?" **The Goal.... Department 100% by 12/31/2020** We can do this, please remind your Annual members dues are due Now.

Chairman did you know? Yes, you send reports when you are doing everything you do. All the calls, the emails, letters and yes text messages. Please let me know by reporting. I take all those numbers and totals and send them to National.

When you have a Membership drive, please remember to let everyone know, my self and team included. We want to come help support you and help you get 100% + Any and all advertising that you use, from Fliers, newspaper articles to using the Social Media / Facebook. Please share this, also remember to report that as well. All these little things add up to you being at your best, all these will help you for the end of year reporting.

If you are lucky enough to get out and meet with others (if not, not to worry we will have time later), always look for the opportunity to recruit a new member. Bring a friend in to our great organization.
